EDUCATION

The Pennsylvania State University, Smeal College of Business, University Park, PA *May 2025*
Master of Finance (MFIN) | *GPA: 3.89* | *CFA Program Student Scholarship*
Coursework: Advanced Financial Modeling (Excel, VBA, Python); Financial Analysis and Valuation; Risk and Decisions

Willamette University, Salem, OR *May 2024*
B.A. Economics, with Department Honors, and B.A. Japanese Studies | *GPA: 3.93 (Summa Cum Laude)*
Phi Beta Kappa, Senior Key award, 4 departmental award scholarships; year abroad at Tokyo International University

SKILLS

Technical: Python (pandas, NumPy, scikit-learn, Matplotlib), SQL, R, Excel / VBA, Git, Linux / AWS Lightsail, LLM agent pipelines (Claude API, RAG), Machine Learning (regression, random forests), Power BI
Quantitative & Financial: Backtest design and pre-registration, multiple-testing correction (deflated Sharpe ratio), options and equity risk management, position sizing, financial modeling and valuation (DCF), Monte Carlo simulation, budgeting and forecasting, GAAP
Languages: English (native), Japanese (professional; JLPT N3)

EXPERIENCE

Founder & Manager *July 2026 - Present*
Atlas Keystone LLC, Santa Cruz, CA
Trading-technology and research company; built ATLAS, an AI-assisted research, risk and trade-review system
- Built ATLAS with AI coding agents (Claude Code): 400+ Python modules and 440 test files, 33 supervised services on an AWS Lightsail Linux server, and an Expo + Firebase monitoring app
- Wrote and enforce a 25-rule trading and risk policy (position caps, 2% risk per trade sized to the stop, a 10R portfolio heat cap, exits at filed levels); 900+ decisions logged in a machine-readable ledger
- Pre-register major backtests and log every run in an append-only trial registry (2,800+ trials across 50 strategy families), graded with the deflated Sharpe ratio; about half of the lines were closed on the data
- Built LLM multi-agent research pipelines (a daily reversal screener; sub-agent thesis research with a reviewer pass) and paper-trading strategy lanes; every live order is placed by hand

Senior Financial Support Specialist *November 2025 - February 2026*
Bay Area Community College Consortium (BACCC), Cabrillo College, Aptos, CA
Financial operations for a $69M consortium budget supporting 28 community colleges and 800+ K-12 schools
- Developed a Python script to automate 98 BPO Change Request forms, cutting per-form cycle time by 64% (112s → 40s)
- Analyzed 131 GL encumbrances from 101 Colleague ERP reports; processed transfers and journal entries across 12+ codes
- Prepared reimbursement, AR/invoice, credit card reconciliation and check request documents with zero rejections

Director of Strategic Planning *August 2024 - May 2025*
Penn State Finance & Business Department, Graduate & Professional Student Association, University Park, PA
Managed and allocated the $108,000 GPSA annual operating budget
- Built automated cash flow metrics and monthly/annual forecasts; modernized the budget format with burn-rate dashboards
- Evaluated 38+ funding bills and corrected 20+ miscategorized by predecessors, helping avoid year-end shortfalls

LEADERSHIP

Treasurer, Business Leaders for Change, Penn State: cut projected costs 25%; won 100% of funding asked *2024 - 2025*
Treasurer, Willamette University Events Board: $120,000+ annual budget across ~12 large events and ~6 grants *2023 - 2024*
Financial Officer, Willamette CAFES grant fund: ~$130,000/year, 49+ grant projects; mischarges cut to zero *2022 - 2024*

RESEARCH

Lead Exposure and Stock Returns in G20 Countries | *working paper; panel regressions in R* *2023 - Present*
Do Cultural Factors Explain Differences in Investor Behavior between Japan and the US? | *senior thesis* *2024*

CERTIFICATIONS

Corporate Finance Institute Financial Modeling and Valuation Analyst (FMVA) *February 2026*
Columbia Business School AI for Business & Finance *September 2025*
Stanford Online Relational Databases and SQL *August 2025*
Corporate Finance Institute Power BI Fundamentals *June 2025*
